

Deadly diseases!

Term 4

You can complete these tasks in any order, and they can be completed in your homework book, or you can send them via email to Mrs Horton. Be as creative as you like.

<p>History</p> <p>When we have finished WW2, we are moving onto deadly diseases. Research a deadly disease in history and represent your findings as you wish.</p> 	<p>Maths</p> <p>Create a board game that focuses on one of our topics for Maths this term. Angles, area and volume or decimals.</p> 	<p>DT</p> <p>As part of our DT topic this term, can you create a family meal and cook with your family.</p> 
<p>Science</p> <p>We are learning about the circulatory system – can you create your own circulatory system, either human or animal. BE CREATIVE.</p> 	<p>Art</p> <p>As DT is our focus this term, I want you to think about something you would like to create. It could be a sculpture, painting, or drawing. It is completely your choice – show me your artistic skills.</p> 	<p>English</p> <p>Later in the term, we will be looking at playscripts – we will be focusing on Romeo and Juliet. William Shakespeare the author was a prolific writer – what can you find out about him. You can present your findings as you wish.</p>
