Statement of intent

At Sedley's C of E Primary School, we are committed to providing a safe, calm and focused learning environment where children can learn, play and develop without unnecessary distractions.

We recognise that some pupils, particularly those in Years 5 and 6 who walk to and from school independently, may need to bring a mobile phone for safety reasons. However, personal electronic devices are not required for learning and their use during the school day is not permitted.

This policy sets out clear expectations for pupils, staff and parents regarding the use of mobile phones, smart watches and other personal electronic devices on the school site. It supports our safeguarding responsibilities and promotes respectful behaviour within our school community.

Personal electronic devices include, but are not limited to the following items:

- Mobile phones
- Smart watches
- Personal digital assistants (PDAs)
- Handheld entertainment systems, e.g. video game consoles, iPods
- Portable internet devices, e.g. tablets, laptops
- Wireless handheld technologies or portable information technology systems, e.g. devices used for word processing, wireless internet access, image capture and/or recording, sound recording, and information transmitting, receiving and/or storing

1. Legal framework

- Child Protection and Safeguarding Policy
- Complaints Procedures Policy
- Social Media Policy
- Child-on-child Abuse Policy

2. Roles and responsibilities

The governing board will be responsible for:

- The implementation of the policy and procedures.
- Evaluating the effectiveness of the policy and procedures.
- Ensuring that the policy, as written, does not discriminate on any grounds.
- Reviewing the policy annually.

The headteacher will be responsible for:

- Handling complaints regarding this policy as outlined in the school's Complaints Procedures Policy.
- The day-to-day implementation and management of the policy.
- Informing parents and pupils of the Personal Electronic Devices Agreement.
- Communicating this policy to the relevant staff members and the wider school community.
- Communicating what devices can be brought to school and when they can and cannot be used.
- Deciding how best to achieve a mobile phone-free school environment.

Staff members will be responsible for:

- Negotiating incidents of cyberbullying in conjunction with the headteacher, in line with the Anti-bullying Policy and the Behaviour Policy.
- Applying this policy consistently and proportionately, including confiscating devices where appropriate.
- Reporting any safeguarding concerns to the DSL, or deputy, where misuse indicates risk of harm.
- Avoiding use of their mobile phones in front of pupils for any non-work related issues.
- Teaching pupils about the risks associated with mobile phones, other devices and social media, both in school and more broadly.

The DSL will be responsible for:

- Initiating and managing responses to incidents of upskirting with relevant staff members and in line with the Child Protection and Safeguarding Policy.
- Liaising with and reporting the relevant information to children's social care and/or the police, when it is necessary to do so.

Pupils are responsible for adhering to the provisions outlined in this policy.

3. Ownership and responsibility

Pupils are responsible for their own belongings. The school accepts no responsibility for replacing property that is lost, stolen or damaged either on school premises or travelling to and from school, and at school events.

Staff will be protected against liability in any proceedings brought against them for any loss or damage to personal devices that have been confiscated as an appropriate sanction, provided that they have acted lawfully.

Pupils are responsible for replacing school property they lose, damage or steal, including electronic devices.

Pupils and staff should enable a personal PIN or passcode on all the devices they bring to school to protect their personal data, images and videos in the event that the device is lost, stolen or accessed by an unauthorised person.

4. Acceptable use

Pupils should not bring personal electronic devices to school unless there is a genuine need, such as travelling independently to and from school.

Where a pupil brings a mobile phone:

- it must be switched off before entering the school grounds;
- it must be handed to the school office on arrival;
- it will be stored securely during the school day;
- it will be collected from the office at the end of the school day.

Smart watches capable of communication, photography or internet access should not be worn during the school day.

5. Parents' Use of Mobile Devices on School Premises

To help maintain a safe, respectful and welcoming environment for all members of our school community, parents, carers and visitors are expected to minimise the use of mobile phones and other personal electronic devices whilst on school premises.

Parents and carers are expected to:

- Keep mobile phones and other electronic devices put away whilst on the school playground and within the school building.
- Not make or receive phone calls whilst on the playground during drop-off or collection times unless there is an emergency.
- Not use mobile devices to take photographs, record video or capture audio of children or staff without prior permission from the Headteacher.
- Ensure that any urgent telephone calls are made or answered away from the school playground and entrances wherever possible.
- Respect the privacy and safeguarding of all pupils by avoiding the use of mobile devices on the school site.

Where a parent or visitor does not follow these expectations, a member of staff may remind them of the school's Mobile Devices Policy and ask that the device is put away immediately.

Repeated breaches of this policy may be dealt with under the school's Visitor Code of Conduct or other relevant policies.

6. Unacceptable use

Pupils will be encouraged to avoid bringing phones to school; however, mobile phones brought to school must be handed to the school office immediately upon arrival. They will be stored securely and returned to pupils at the end of the school day. Unless express permission is granted by a member of staff or [adaptations and reasonable adjustments](#) apply, mobile devices will not be seen, heard, or accessed at any time during the school day.

Any permitted use for specific pupils will be limited strictly to the specific purpose outlined in the agreed plan. All other use will be prohibited.

The school will consider the risks that may be posed to pupils who do not have access to their mobile phone when organising travel to and from school. Parents will be consulted with to consider ways to mitigate any concerns around the issue of travel to and from school. Pupils will be able to access their personal devices when travelling to and from school; however, they should not be used to arrange travel during the course of the school day.

The taking of photographs, videos or audio recordings anywhere on the school site, including the church, without the permission of the Headteacher is prohibited. This applies to pupils, parents, carers and visitors.

Staff members will be required to model expectations surrounding the use of personal devices when they are in front of pupils throughout the school day, and only use their personal devices where required for work or safeguarding purposes.

Staff and pupils will adhere to the Social Media Policy at all times.

Files will not be sent between mobile devices, and Bluetooth and Wi-Fi functions will be disabled while on school premises.

If pupils fall ill during school hours, they will not use their mobile device to contact parents; they will use the agreed procedures.

Under no circumstances will personal electronic devices be taken into examinations.. Under no circumstances will mobile devices be used in changing rooms or toilets.

Personal electronic devices will not be plugged into outlets on the school premises without the express permission of the headteacher, and they will have an up-to-date portable appliance test (PAT).

Staff will not give out their personal contact details to pupils. If correspondence is needed between staff members and pupils for homework or exams, staff should provide their school contact details.

Under the Voyeurism (Offences) Act 2019, the act known as “upskirting” is an offence. Any incidents will not be tolerated by the school. Despite the name, anyone (including both pupils and teachers) of any gender, can be a victim of upskirting.

A “specified purpose” is namely:

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim’s genitals, buttocks or underwear)
- To humiliate, distress or alarm the victim

Any incidents of upskirting will be reported to the DSL and handled in accordance with the school’s Child Protection and Safeguarding Policy.

7. Adaptations and reasonable adjustments

The school will comply with its legal duty to make reasonable adjustments with regard to this policy where necessary. Adaptations may be made in exceptional circumstances and in response to a pupil’s specific needs.

If it is deemed necessary due to the nature of a pupil’s SEND, reasonable adjustments will be made to allow that pupil to use their mobile phone or similar device during the school day.

The school will not prevent pupils from using their mobile phones in order to manage their medical condition effectively, e.g. if a pupil is using a monitoring app on their phone to manage their diabetes.

Beyond these specific duties, the school recognises that a need for mobile phone access for some pupils may depend on their individual circumstances. The school will allow limited flexibility for these pupils where an agreed exception is required in the best interests of the pupil’s safety and welfare, for example where a pupil is a young carer.

Where a pupil has an agreed adaptation or reasonable adjustment that requires access to a mobile device, this will be permitted only for the specific purpose and within the limits set out in the agreed plan.

8. Cyberbullying

All personal electronic devices will be used in line with our Online Safety Policy.

Incidents of cyberbullying will be dealt with and reported in line with the Anti-bullying Policy and the Behaviour Policy.

As part of the school's ongoing commitment to the prevention of cyberbullying, regular teaching and discussion about online safety will take place as part of PSHE lessons.

9. Searching pupils

School pupils have a right for their private life to be respected under article 8 of the European Convention on Human Rights (ECHR). This right is not absolute, and the school can interfere with this right as long as it is justified, proportionate, and aligns with the powers to search in the Education Act 1996.

All searches will be conducted in line with the school's Searching, Screening and Confiscation Policy.

The headteacher, and other authorised staff members, will have the power to search a pupil or their possessions where they have reasonable grounds to suspect that a pupil is in possession of a prohibited item. Mobile phones and similar devices will be deemed as prohibited items that may be searched for in line with the Behaviour Policy.

In all cases the authorised member of staff will always:

- Seek the co-operation of the pupil before conducting a search.
- Ensure the pupil understands the reason for the search and how it will be conducted.
- Give the pupil the opportunity to ask any questions so that their agreement is informed.
- Have due regard to the DfE's '[Searching, screening and confiscation](#)' guidance.

Staff may search a pupil's outer clothing, pockets, possessions, desks or lockers. Staff conducting a search must not require the pupil to remove any clothing other than outer clothing - outer clothing means any item of clothing that is not worn wholly next to the skin or immediately over a garment that is being worn as underwear and includes hats, shoes, boots or scarves. Possessions means any goods over which the pupil has or appears to have control - this includes desks, lockers and bags.

A staff member may ask a pupil to show them what they are doing on their mobile phone or tablet if they reasonably believe that the pupil is using the device to cause harm. If it is judged reasonable, the staff member may inspect the files or data on a pupil's electronic device and delete them if necessary.

Staff members will ensure they have a good reason to examine and delete data on a pupil's electronic device. When determining a good reason to examine data, staff members will ensure they reasonably suspect that the data has been, or could be, used to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.

When determining a good reason to delete data, staff members will consider whether the material found may constitute evidence relating to a suspected offence and if so, choose not to delete the data. The data may be deleted if it is found likely to cause harm to any person, and the pupil and/or parent refuses to delete the data themselves.

If a search uncovers a device that is being used to cause harm, or which contains prohibited material such as pornography, a staff member can confiscate the device. If a staff member finds child pornography, it must be given to the police as soon as reasonably practicable. Where staff find stolen items like mobile devices, they must be given to the police as soon as reasonably practicable.

The staff member conducting the search must be the same sex as the pupil being searched. A witness to the search must be present; this should also be a staff member of the same sex as the pupil being searched.

Pupils are required to comply with any request to check their electronic device.

Pupils are required to comply with any request to disable the screen lock function of their electronic device and show any staff member what they are doing. Any pupil who refuses to comply with these requests will be disciplined in line with the Behaviour Policy.

10. Sanctions

The school will apply sanctions for breaches of this policy in a consistent and proportionate manner, in line with the school's Behaviour Policy.

Where this policy is clearly breached, for example where a device is used, seen, or heard ringing, staff will feel confident to confiscate mobile phones or similar devices as a disciplinary penalty.

First incident – reminder and device confiscated until end of the day.

Repeated incidents – parents informed.

Persistent breaches – meeting with parents and behaviour support if required.

Where a breach gives cause to suspect a pupil may be suffering, or may be at risk of, harm, staff will follow the school's safeguarding procedures and report concerns to the DSL.

Confiscated personal electronic devices will be locked away securely in the [headteacher's office](#).

Bullying via personal electronic devices will be dealt with in line with the school's Anti-bullying Policy.

11. Monitoring and review

This policy is reviewed annually by the headteacher and DSL.

Any changes to this policy will be communicated to members of staff, parents and pupils by the headteacher.

The scheduled review date for this policy is [1st July 2027](#)
